## Juno 4-inch LED Adjustable Trim Module

The Juno 440LEDG4 Series, 4-inch LED recessed adjustable features a unique, die-cast gimbal trim that provides 35-degrees of tilt aiming. It is ultra-efficient needing as little as 9.6W to produce more than 600 brilliant lumens. Available in IC-rated, new-construction or remodel housings, the Juno 4-inch Generation 4 LED adjustable offer more style, more energy savings, and higher performance. For use with IC1ALEDG4 new construction and IC1RALEDG4 remodel housings.

Light engine features the latest Generation 4, high-lumen output LED array, binned to within a 3-step MacAdam Ellipse

2700K, 3000K, 3500K, and 4100K color temperatures are available with 90 CRI minimum

Light engine module features a plug-in connector, permitting easy CCT changes or future technology upgrades

Adjustable trims are offered in white, black, satin-chrome, or aged-bronze finishes

Field-interchangeable optic accessories are available

ENERGY STAR® Qualified and certified to meet the high efficacy requirements of California Title 24

For use with IC1ALEDG4 new construction and IC1RALEDG4 remodel housings
